

CAREER OBJECTIVE

To leverage my skills, knowledge, and dedication in a challenging role that fosters growth, encourages innovation, and contributes meaningfully to the organization's success. I am committed to continuous learning and hard work to advance my personal development and the organization's strategic goals.

EDUCATION

- **KONGU ENGINEERING COLLEGE, Perundurai** Tamil Nadu, IN
B.TECH in Information Technology; CGPA:7.94 *November. 2021 – March. 2025*
- **SRI VIJAY VIDYALAYA MATRIC HR SEC SCHOOL , Dharmapuri** Tamil Nadu, IN
Higher Secondary Certification with 93% *2020 - 2021*

PROJECTS

- **Automated React Portfolio Deployment:**
 - **Description:** Developed an automated portfolio using React. Utilized GitHub Actions and Docker for CI/CD, deploying across AWS and Render.
 - **Technologies:** React, AWS, GitHub Actions, Docker
 - **Key Features:** Automated deployment pipeline
 - **URL:** ec2-54-210-72-41.compute-1.amazonaws.com
 - **Github:** Nivetha-Saravana/Portfolio
- **Electrical and Hardware website:**
 - **Description:** The Electrical and Hardware website is a full-stack platform developed using the MERN stack. Tailored to meet the dynamic needs of both customers and administrators, the platform facilitates seamless browsing of electrical and hardware products. Admin functionality empowers administrators to manage products, users, and orders efficiently.
 - **Technologies:** React, Node, Express, MongoDB
 - **Key Features:** Admin Functionality, User Management
 - **URL:** <https://electrical-hardware-shop.onrender.com>
 - **Github:** <https://github.com/Nivetha-Saravana/Electrical-Hardware-shop>
- **Contact Manager:**
 - **Description:** The Contact Manager is a full-stack application built with React, Express, Node.js, and MongoDB. It allows users to efficiently manage their contacts by adding, updating, finding, and deleting entries.
 - **Technologies:** React, Node, Express, MongoDB
 - **Key Features:** Demonstrating a robust integration of frontend and backend technologies.
 - **Github:** Nivetha-Saravana/Contact-Manager
- **Static site deployment:**
 - **Description:** Developed and deployed a website using HTML and CSS, hosted on AWS. Leveraged Terraform to provision infrastructure, including an S3 bucket, and implemented a CI/CD pipeline with GitHub Actions for continuous integration and deployment
 - **Technologies:** HTML, CSS, AWS, Terraform, GitHub Actions
 - **Key Features:** Automated infrastructure setup, seamless deployment, and hosting on AWS
 - **URL:** <http://terraformportfolio.s3-website-us-west-2.amazonaws.com/>
 - **Github:** Nivetha-Saravana/MYS3staticWebsite-Terraform

AREA OF INTEREST

Web Development Cloud Engineering DevOps DBMS

SKILLS

Java HTML React Express Node.js MongoDB Docker Terraform Git AWS Github-Actions

CERTIFICATIONS

AWS Certification: AWS Academy Cloud Architecting
Microsoft Certification: CI with GitHub Actions

Microsoft Certification: Develop with DevOps
